

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

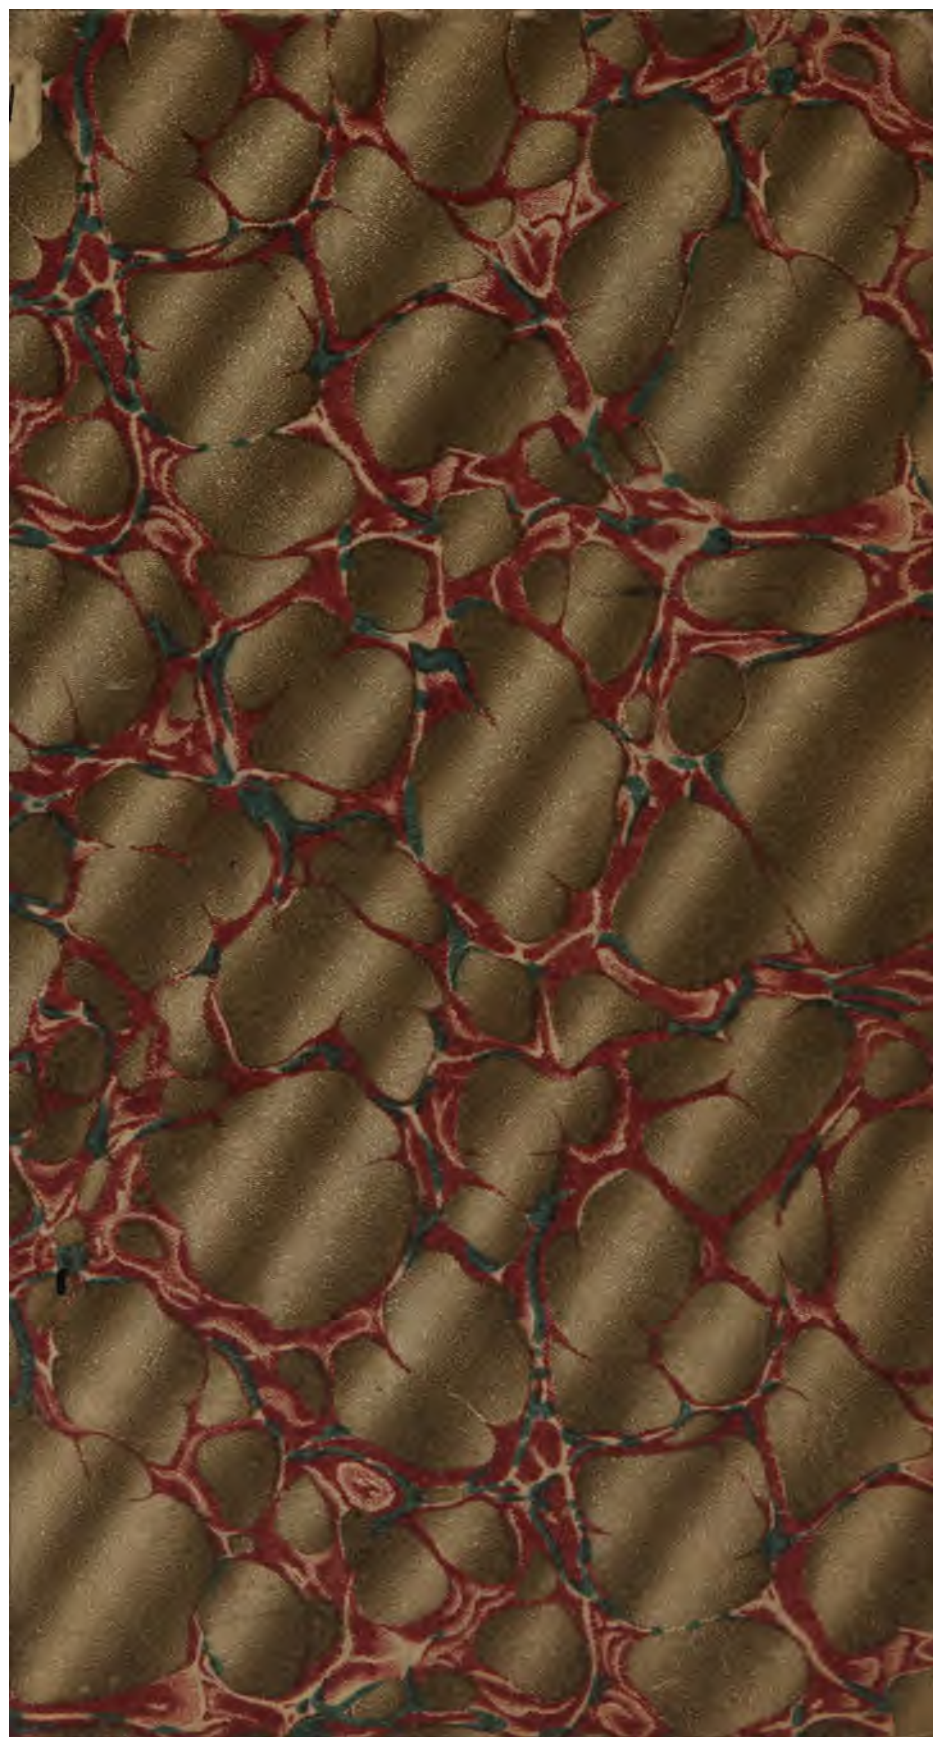

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. REGULATIONS FOR LIBRARY.

I. The Library and Reference Room shall be open every week day from 2 to 5.30 P. M. and 6.30 to 9 p. m., except legal holidays. No books given out Wednesday evening. In June, July and August the Library shall be closed at 8 P. M.

II. Any pupil in the public schools of the city over twelve years of age, or a member of a 4th grade school or of a higher grade, provided that if he is not twelve years of age his card shall have been countersigned by the teacher of the grade of which he is a member, may have access to the Library, and take therefrom one book at a time, after signing a promise to observe all the rules and regulations of the Library provided that no book shall be delivered to a minor until the parent, guardian or other responsible resident shall have become surety for said minor.

If the applicant for a card be unknown to the Librarian, that officer shall require an introduction from some responsible person.

III. Every person entitled to take books from the Library for home use shall, on applying for it, receive from the Librarian, a card, price two cents, with his or her name and address, with spaces for the numbers for the books desired. This card must always be presented on taking, renewing or returning a book. If residence is changed notice should be given to the Librarian. The person to whom this card belongs will be responsible for all books, fees and penalties recorded against it.

IV. Books may be kept out three weeks unless otherwise marked. For retaining beyond that time a fine of two cents a day is incurred for each book. When a book is seven

days overdue, notice of such delinquency shall be given by postal card, and after another week of detention it shall be sent for at the expense of the delinquent. All books shall be returned two weeks before the annual examination in January, notice of which shall be given by the Library Committee. The fines will be doubled for books not returned according to the notice.

INJURY OR LOSS OF BOOKS.

V. Special attention is called to the following law of the Commonwealth: "Whoever wilfully and maliciously or wantonly and without cause writes upon, injures, defaces, tears or destroys a book, plate, picture, engraving, map, newspaper, magazine, pamphlet, manuscript or statue belonging to a law, town, city, or other public or incorporated Library, shall be punished by a fine of not less than five nor more than fifty dollars, or by imprisonment in the jail not exceeding six months."

Injuries to books beyond reasonable wear and all losses shall be made good to the library to the satisfaction of the committee by the person whose name is on the card, and no book shall be lent to any person who has fines or penalties remaining unsettled. Leaves must not be turned down nor blank leaves torn out, neither must the books be marked in any way. Anyone violating this rule will incur a fine of twenty-five cents.

SPECIAL ATTENTION IS CALLED TO THE FOLLOWING:

VI. When a book that may be wanted by any one does not belong to the Library, such person is particularly requested to notify the Librarian, who shall enter its title in a book kept for the purpose, with the name of the person asking for the same.

If a teacher, upon ascertaining that a pupil is especially interested in any historical, scientific or biographical subject

and desires some book not in this catalogue, will send the name of such pupil and the title of the book desired to the Chairman or a member of the Book Committee, the work will be gladly purchased, if it can be done at a reasonable outlay.

VII. All persons visiting the Library shall be required to demean themselves quietly, and no loud or disturbing conversation will be allowed in the rooms. Any person abusing the privileges of the rooms, or intentionally injuring books, papers or other property, shall be excluded from the Library for a time, or permanently if the committee so determine. In case of any gross offence the Librarian or assistant shall act summarily in the matter and cause the offender to be at once excluded from the building, reporting the case to the committee as soon as possible for their final decision.

IMPORTANT.

The following are the reference days for each grade :

Monday, Grade 4.

Tuesday, Grade 5.

Wednesday, Grade 6.

Thursday, Grade 7.

Friday, Grades 8 and 9.

On each day the Librarian will pay special attention to the grade assigned for that day.

Pupils in the High School may come any afternoon.

NOTE.—Teachers will greatly assist the Librarian if they will send, one day in advance, notifications of subjects to be looked up by their pupils.

If this is done all books bearing upon the subject to be investigated will be placed where the pupils can readily consult them.

Teachers will have these regulations read and explained at the beginning of each term.

Frequent attention should be called to regulations V. and VII.
